

# Our Lady of the Rosary School, Grade 3rd

3rd going into 4th Grade Summer Math Bingo (MATHO) 2019

Please do IXL for at least 20 minutes a day and a Smartscore of at least 85. I will track the number of problems completed. Keep a journal or notebook to write out new skills and rules you used. Label the skill you are working on, the date, and show how you solved. I will be collecting it and grading.

Please email Mrs. Barajas [dbarajas@olrwarriors.org](mailto:dbarajas@olrwarriors.org) for any questions.

M	A	T	H	O
<p>IXL A.9</p> 	<p>See how many coin combinations you can create to make 56 cents. Record in your notebook.</p>	<p>IXL B.5</p> 	<p>Draw a summer scene in your notebook using only circles, triangles, and quadrilaterals.</p>	<p>IXL C.15</p> 
<p>Find three, 3-D shapes around your home. Take a picture, glue them in your notebook, and label them.</p>	<p>IXL D.7</p> 	<p>Mrs. Barajas leaves for vacation at 5:30 a.m. and arrives at her destination at 7:45 p.m. How long was her travel time? Where do you think she went? Explain your reasoning.</p>	<p>IXL E.7</p> 	<p>Using Cheez-Its, form a 5x4 rectangle. What is the perimeter? What is the area? Take a picture of your Cheez-Its rectangle and glue it in your notebook.</p>
<p>IXL G.18</p> 	<p>Using three pieces of yarn, form an acute, obtuse, and right angle. Tape to your notebook and label each.</p>	<p>FREE SPACE</p> 	<p>Choose four people in your family. How much older is each person compared to you?</p>	<p>IXL K.16</p> 
<p>Have three people do 15 jumping-jacks (you can include yourself.) Time them, and write their names and times in your notebook. Write the names in order from fastest to slowest.</p>	<p>IXL P.12</p> 	<p>Illustrate the following pizza in your notebook:</p>  <ul style="list-style-type: none"> <li>-Add sauce to the whole pizza</li> <li>-Add pepperoni to <math>\frac{4}{8}</math> of the pizza</li> <li>-Add mushrooms to <math>\frac{1}{8}</math> of the pizza</li> <li>-Add olives to <math>\frac{2}{8}</math> of the pizza</li> <li>-Add bell peppers to <math>\frac{5}{8}</math> of the pizza</li> </ul>	<p>IXL S.5</p> 	<p>Have a fun day outdoors! Write in your notebook about what you did today.</p>
